PROFILE

I have grown up along the coast my whole life and constantly being involved in things like life saving (lifeguard) surfing, bodyboarding, and fishing. I feel that yachting is a way forward for me and i look forward to giving it everything i have and creating new friends and relationships that last forever! I work well with my hands and can complete any task thrown in my direction. I can balance my strong leadership skills while working in a team and I am dedicated to creating a strong family legacy. I can be quite funny at times too.
