OBJECTIVE

I am a versatile captain specializing in yacht repositioning and deliveries, always striving to upgrade my maritime experience and credentials. Currently working towards a raise of grade to 200T master and II/3. I work well with other crew members and am flexible to travel. My experience includes personal owner/operator of both sail and motor vessels, as well as crew and captain positions in private and day charter programs. I have an affinity for offshore fishing and have fished tournaments with professional crews as an angler and mate in Cabo, Costa Rica, Atlantic and Caribbean.
