ABOUT ME

An Experienced sailing yacht skipper and captain with Yacht Master A licence is seeking positons on S/Y or M/Y like Captain, Engineer.
I have been already sailing for 12 years. I'm very experience handling of sailing and motor yachts, tenders. I can navigate at night and watchkeeping too.
I am a very experienced Hungarian person who can solve everything, be it on board or in the engine room. I have an AEC-1, AEC-2, STCW certificate, I have experience in engine, agregator, alternator, water maker, gearbox, hydraulic system maintenance and repair. I have qualificatons for Electrical and navigaton systems and they are also my friend.
I'm kind and friendly with people. I'm fast learner and confident who can work under pressure. Hard worker man is available for your support.
I like travel and enjoy the seaman life.

WORK EXPERIENCE

YACHT MASTER
SAILING YACHTS | ADRIATIC, MEDITERRANEAN,
APR 2010 - PRESENT

Captain of sailing yacht in charter industry for 10 years at Adria c and Mediterranean. This year I have been obtained the Yacht Master A licence.

ENGINEER

I am an experienced ship engineer who has already participated in several projects. During my most recent work, the renovation of an 80 ft long two-masted ketch built in 1982. All electrical systems and navigation systems had to be checked and the necessary repairs and replacements carried out. Among the mechanical systems, replacement of the gearbox damaged oil cooler and repair of the gearbox, complete maintenance of the 6 cylinders engine. Renovation of a diesel generator. Renovation and calibration of the autopilot hydraulic system. Replacement of the entire sail of the ship. The mainsail and mizzen sail had a baum furling system.
Repair and replace water pipe system and pumps. Replace bilge pumps and float switches.
