Profile

An energetic and enthusiastic Deckhand with naval experience. I am an adaptable, well-presented and confident individual who works well within a team and who can also be trusted to accomplish tasks individually. During my time within the Navy I have developed leadership and communication skills and thrived working as part of a team in challenging and demanding environments. Living in close quarters with crew mates for long periods of time, I can maintain relationships that are both professional and valuable. I am ready to apply and develop my skill set to the superyacht industry as a Deckhand.

Key Skills:

Wash downs, Maintenance & Cleaning	Ropework
Seamanship	Watersports
Bridge Watchkeeping	Fitness
Marine Communications	Firearms Trained

- ACRO Police background check
- Royal Navy BIS

Work experience

September 2022- Present

Game keeping

Aikengul Farm

I have been gamekeeping since a young age, which has recently become a full-time position. This job is mentally and physically tough, many early mornings and working in all weathers. I am responsible for organising the bird feed and keeping control of the stock. I build and repair pens for the young birds, putting my practical skills to good use.

May 2022- September 22

Camp Counsellor

Camp Saginaw

During the summer of 2022 I worked with Camp America (Camp Saginaw) as a riflery specialist and a Camp Counsellor. My job there was to instruct riflery classes and care for children aged between 12-16. I would help and instruct them with everyday tasks and was a role mentor to the Campers. Another role as Camp counsellor was to take the children to and from activities around the camp. I was relied on to make sure they were safe and punctual. Maintenance was also a part of my daily routine ~This included all types of trade work such as Brick laying, Painting, Scaffolding and Electrics.

March 2020 – May 22

Underwater Warfare Specialist

Royal Navy

I am a qualified Warfare specialist (UW) Able Rate, trained to work in a high stress environment. As an Able Rating my role on board was to analyse raw data from sonar and radar to create a clear picture for the chain of command. We also specialise in radio communications with other warships of merchant or pleasure vessels. On board an Able Ratings job is also part of the collision avoidance team, the purpose of this role is to ensure the safety of the ship and crew. I have also taken part in specialist fire fighting training, first aid and sea survival. I have spent time at sea and have experienced challenges that really test your training and trust of your equipment. I was part of the bridgewatch Team and have completed the OOTW Junior Rate training.

Hobbies and interests

- Rugby (District level and part of Newcastle Falcons academy)
- Ocean swimming
- Football
- Cycling
- Surfing
