PERSONAL PROFILE

I am a fun, bubbly, confident individual who is not afraid to try new things and be thrown in the deep end. I have a can-do attitude to all tasks and I am willing to learn and pick up new skills along the way. I am looking to come into this industry at entry level and work my way up. I enjoy challenges and learning new ways in this job position. I have previous customer service and bar work experience that is going to help me throughout my whole career in the superyacht industry.

PREVIOUS EMPLOYMENT

Customer Service | Clyde Wraps LTD

August 2018 - November 2022

Cash handling, ordering materials, time keeping and opening and closing the store were my main duties in this position. All my skill sets obtained in this position could be very beneficial and useful going into the yachting industry. I enjoyed keeping on top of all the work pressure and demands but making sure tasks were completed to a very high standard.

Bar Staff / Waitressing | Violet Inc.

August 2022 - To current

During my time in this job, I have had great experience in bar service and waitressing. I have gained skills in making sure that all customers are catered for throughout the night. I have had to deal with cash up at the end of shift and make sure all payments are made correctly and all payment books add up. These are all useful skills that I can take with me.

Customer Service | JD Sports

March 2022 - May 2022

Customer service has grown my confidence therefore I have no issues interacting with the public. I have had to make sure all customers were getting the help they required and also getting back to them with products and answers very quickly. This will come into my career in yachting by using these skillsets to advance in my yachting career with both guests and crew.
