## PERSONAL PROFILE

My positive, friendly and professional attitude flourishes in customer service environments. My seven years of working with people has meant that I am always interacting with guests face to face. I have excellent team-working skills which I have developed working abroad in holiday resorts. Team-work has always been a central part of my previous employment, however, I have also perfected working to a high standard alone using my own initiative – especially since being in a supervisory role. I discovered my love for working by the sea whilst living and working abroad. I could definitely utilize and expand the skills I already have in the superyacht industry when working as a new stewardess.

## RELEVANT EXPERIENCE

### Superyacht Interior Foundation

UKSA - November 2022

I recently completed my stewardess course at UKSA. Throughout the course, I improved my hospitality skills in the mixology and wine appreciation course, table setting and silver service. I also received my STCW and power boat license - it was amazing to be back on the water again whilst learning about my future career.

### Children's Club Supervisor

Neilson Active Holidays - August 2021 – present

When working as a nanny abroad, part of my job included taking children out on the water to sail, windsurf, paddleboard or kayak. This was my favourite part of the job as I love being out on the water. This allowed me to improve my knowledge on a variety of water sports as well as try them out myself.

## OTHER EXPERIENCE

### Children's Club Supervisor / Nanny

Neilson Active Holidays - August 2021 – present

I started as a nanny at Neilson working with children aged from 0 – 18 years old where I looked after children at holiday resorts taking them to activities in and out of the water. After two seasons, I was then given the opportunity to be supervisor of a team with 8-12 staff members. This introduced management skills to my work experiences.

### Waitress and Barmaid

The Barley Mow - January – August 2021

When working at this pub, I realised how much I loved working in hospitality. As a waitress and barmaid, you really get to know and understand your clientele. My favourite part of this job was getting to know the local guests to the point that I could recite their order when they walked through the door. This job also enhanced my money handling skills through cashing up at the end of the shift.

### General Shop Assistant

The Cheeky Carrot Company- December 2020 – May 2021

At this grocery shop, I was constantly left alone to run the full shop meaning I was managing the till, making food and drinks and also restocking the shelves. This job really increased my confidence when working alone as I had to trust my own decision making.
