ENG 1

Deckhand Course

I am passionate, energetic, and strong individual, raised with Jet Ski's, wakeboard and ski's by my side from a very young age. I thrive on teaching and helping others to master these types of water sports.

Driving tenders is a second nature and I will continue to enhance my skills. I am a fitness and health conscious person that is extremely positive and hardworking. I'm considered a very easy going person with a great sense of humor.
