PROFILE

I am committed to further my career in yachting as an engineer onboard a motor or sail yacht. I come from a background of hands on work, dealing with electrics, mechanics, carpentry, engine repairs and all types of maintenance work. My time spent on the water this far in this industry have allowed me to gain further valuable knowledge and experience in all aspects in the engine room, on deck as well as in the bridge. I am a confident and energetic person always eager to learn more and improve my skill set. I understand the importance of being interactive, reliable and dedicated to my work and crew for the benefit of the team. I consider myself to be trustworthy, dependable and respectful to others with an adventurous outlook on life. .

QUALIFICATIONS/ CERTIFICATES

Maritime Yachting Experience

HM1 36M New Build Engineer

03/04/2022- Current Day

- I am responsible for all planned maintenance, servicing, repair and troubleshooting of systems onboard.
- Making sure all equipment is in correct and safe working order mainly focusing on engines with IPS systems, generators, auxiliary, plumbing, waterwaters, electrics and hydraulic systems onboard.
- Subsequent responsibility for maintenance of a Williams diesel jet tender and Seadoo.
- Taking part in day to day activities with guest during the summer.
- In liaise with the Captain for planning shipyard work and surveys.
- Participating in manoeuvres of the vessel: Docking, Line handling, fenders and anchoring
- Responsible for operations involving cranes and towing procedures.
- Assisting with day to day set up, wash downs, polishing, waxing and to keep the boat looking good for the season.
- Shipyard periods coordinating of contractors and participating in repairs and maintenance work.

HOBBIES

I have a passion for the outdoors and anything that makes the blood pump. I have been brought up around water and have a passion for sailing and diving. I enjoy adventurous journeys, fishing, spearfishing, rowing, wake boarding, skiing, scuba diving, tubing, mountain biking and exploring.

OBJECTIVES

I am actively pursuing a career as a full time Engineer on a motor or sailing yacht. I ultimately aim to become an addition of a team, where I can utilize the skills and knowledge I have gained this far, as well as use the opportunity to build my sea time and experience working towards my SV Chief Engineer Ticket.
