

I am a mariner at heart, with over 40 years of experience on varying waters in different vessels. Marine experience log keeps track of the number of days & miles along with other information in fishing, sailing, and power boating, in vessels up to 150 feet. My consulting, work experience, and career/sailing paths have allowed me to participate in many marine events, and work in many different types of marine environments. My ultimate goal is become a very knowledgeable mariner with varying experiences in sailboat racing, coaching/instruction, deliveries, chartering, & managing vessels, including large power/sail yachts.
