Education

University of Alabama:

2019-2022, Kinesiology

Remy Toscano

Junior Deckhand

I am an outgoing and hardworking individual that is eager to learn more in the yachting industry. With my previous maritime experience and skills I believe I would be able to contribute in many different ways onboard. I am confident working in a fast paced environment and adapt well to change. I truly enjoy being out on the water and hope to bring that passion into a professional setting. I am seeking a permanent or seasonal deck position on board a 35M+ private/charter yacht.

Yachting Experience

○ Oct. 6th,2022- Oct. 7th,2022; Nov. 23rd,2022

Deckhand Dayworker

M/Y Lady JJ- 55m

- Polishing and waxing
- Teak cleaning
- Wash down

○ Oct. 19th,2022- Oct. 30th,2022

Deckhand Dayworker

M/Y Cherish II- 36m

- Traveled with the boat to the Bahamas for a weekend
- Assisted with docking and fenders
- Prepared boat for boss trip

Other Experience

○ 2021 - 2022 (During Summer)

Cold Spring Harbor Beach Club | Cold Spring Harbor, NY

Dockhand / Launch Boat Operator

Assisted Boathouse manager with all responsibilities of running the boathouse/marina. This included working with club guests, driving the launch, cleaning club member boats and making minor boat repairs upon request. Assisted with club repairs, general maintenance, mooring maintenance and keeping the boathouse cleaned and organized. Each day was different and required a lot of flexibility and adaptability. Each year I was given more responsibility and often required multi-tasking and being versatile.

○ 2017-2020

Town of Huntington Harbor Master | Huntington, NY

Pumpout Boat Operator

Started as a trainee and quickly worked my way up to a higher responsibility role. Was responsible for driving the boat and safely coming alongside boats to tie off and manage the pump out. This required interacting with all types of personalities and being professional. As Captain I was responsible for the safety of the boat and training of crew. My responsibilities also included keeping logs of the day and handling paperwork for customers.
