## Stewardess

---

### ABOUT ME

I have recently completed a season as a Sole Stewardess in the beautiful Mediterranean. This role has allowed me to further my knowledge and gain necessary experience rotating in all interior departments including Service, Housekeeping, Laundry as well as Tender-driving.

I am organised, hardworking and eager to learn. I take pride in delivering only the highest standard of service and professionalism. I adapt well to new environments and remain calm when placed under pressure. I aim to maintain a positive attitude and easily get on with others.

Working as a Sole Stewardess has taught me discipline, resilience and effective management skills. I am prepared for my next role onboard and motivated to advance my yachting career. Although I do possess leadership qualities, I enjoy the dynamics of working in a team.
