PROFILE

I'm a junior deckhand looking to grow and learn on any M/Y or S/Y, I am very hard working and learn very quickly, I am a team player and reliable to be left unsupervised. My goal is to learn as much as possible, work hard and move up in the yachting industry.

I have been privileged in life with regards to having access to any types of water toys from sports boats to jet skis, stand up jet ski's and all the toys you attach. I am a very experienced water sports instructor and have over a year of experience of working with the owner personally, which is an ex red bull wakeboard pro, I have lots of experience towing pro's, and teaching clients from young to old.

I have grown up around big speedboats and fishing boats, I have good fishing knowledge and I have done my own repair to my jet skis and painting, spraying, mixing, surface preparations, taping, filling and a varnishing. I have basic knowledge of servicing and replacing oil on jet skis, and attaching equipment to jet skis.

I have lots of experience working with kids and teenagers as one of my previous boss has kids that love water sports. (Kevin dry)
