## Profile

I am an outgoing, hardworking and happy character who wanted a career that would enable me to work in a team and fulfil my adventurous side. Having spent over 3 years in the industry with the last year on a heavy owner use yacht that also runs charters I have a good grip on how to work efficiently and effectively. I pride myself on my ability to hit the ground running and to step into any job with a positive mindset and a drama free attitude.

I have a number of active hobbies including horse riding, hiking, kite surfing, snowboarding and roller skating. I will take any opportunity to increase my water sports knowledge and have recently begun learning how to wake board. In my down time I enjoy exploring new places and finding the best local spots.
