YACHT EXPERIENCE

**MY Cynthia | Estate based |
Service/Deck**

July 2022-Oct 2022

Having worked on the 182ft Yacht Cynthia until it sold, the owners invited me to spend the summer on Cape cod as they have 6 smaller boats docked behind their house. I predominantly worked on the exterior doing maintenance of the boats, along with event planning, provisioning and service at the house.

**MY Calypso | 126ft Feadship | Private/Charter
Stewardess**

Feb 2022-July 2022

The owners of MY Calypso were previous charter guests on MY Cynthia. I was asked to fill in for a weekend trip, which eventually ended in an agreement to finish the season with them. I took them through an extensive yard period with the goal to restructure the whole interior of the boat.

**MY Cynthia | 182ft Feadship | Private/Charter
2nd Stewardess**

June 2020-Dec 2022

I was hired as a 2nd Stewardess on MY Cynthia and worked closely with the Chief stewardess in all aspects until it sold. I performed general duties required during charters, run whichever service I was designated, and assisted in coordinating large work events on board. I would act in the chief stewardess position when she was away and worked closely with the new owner during the sale of the boat.

**MY BESS TIMES | 130ft Westport | Private
Stewardess**

Nov 2019-May 2020

I started off as a freelance stewardess on MY Bess times and stepped into a more permanent part-time position. With live aboard owner's, I handled business events with up to 30 guests, owners trips from 2-12 guests, and general stewardess duties when docked and in a normal day to day routine.

**MY Lady Eme | 80ft Marlow | Private
Deck/Stew**

Feb 2015-Feb 2020

I was originally hired on Lady Eme for general weekly maintenance which then grew to a more permanent part time position 4 days a week maintaining the interior and exterior of the vessel, and assisting the captain in engine room maintenance, yard periods and accounting. Over the 5 years, during the Miami winter season when guests were on, I would take on more of a stew/cook role preparing basic meals for up to 25 guests at the dock, and local weeklong trips with up to 8 guests. I also assisted in the final handover and set up of the yacht to the new owners once it sold.

**MY Ashley | 90ft Lazzara | Private
Freelance Deck/Stew**

Jan 2019-May 2020

My Ashley was one of my regular freelance vessels. I was hired for both stew and deck positions. I often did regular maintenance, provisioning, set up both interior and exterior for owners trips, and cocktail parties for up to 15 guests.

Freelance and yacht maintenance

Feb 2015-June 2020

Being land based in Miami during this time, between my main weekly scheduled yachts I developed strong relationships with the yacht owner's and captains and worked on many of the vessels located at Sunset Harbour Yacht club. From general maintenance in both interior and exterior, to provisioning, events and cocktail parties.

**MY Veloce | 100ft Leopard | Private
Sole Stewardess**

July 2008-Dec 2015

M/Y Veloce is where my yachting career truly began. I joined the vessel in the South of France where we did a Med season. The following years, we spent winters in Miami and Summers in New England. Although my primary role was a stewardess, over the years I assisted in every department. I stayed with the vessel until it sold in 2015.

Hairdresser

2001-2008

Worked in high end salons in Sydney, Australia and London, UK
