PERSONAL STATEMENT

Having recently completed my deckhand training, I am keen on joining a professional yacht crew for at least six months. My goal is to attain my Officer of the Watch certification with the aim of advancing my career path within the maritime and yachting industry.

I have been described as reliable, honest and hard working and find that most goals are attainable by waking up a little earlier each day and being diligent. I am a keen learner, understand the value of knowledge and that experience is earned by working hard and well under pressure within a team or crew.

I look forward to adding value to the crew I join along with learning from, and enjoying the adventure that comes with a career in the yachting industry.

Employment History

To whom it may concern.

Ashley Fotheringham started working for Cape Town Yacht Services in September 2021 to gain experience in the yachting world.

We find Ashley to be a hard worker who does all jobs assigned to her, and she is well liked by my team and owners alike. I understand Ashley is looking to find work on a superyacht overseas and I can fully recommend her for any position she is applying for.

She was truly one of the better staff we have had this year.

Please feel free to contact me at any time regarding Ashley.
