OBJECTIVE

With yachting as a long-term career choice, I am motivated and looking forward to the opportunity to continue developing my skills. Working alongside experienced professionals, I aim to complete my AEC and pursue a career in ETO within the near future. I know what it takes to work long hours with a smile in order complete assigned tasks and reach my career objective.

PROFILE

With over 10 years in the hospitality industry, of which 6 were in a management position, I understand what VIP guest satisfaction as I always strive to exceed expectations. My experience in sales and event management has crafted my personal skills to be able to work in a team or lead a team and complete tasks under pressure with attention to detail. I love various sports from motorsport to golf, socializing, and electronic music as I have been a professional dj as a hobby for the last 10 years. Being a technophile also motivates me to reach my long-term goal to become an ETO.
