

## MATE

Nationality: Bahamian

Non-Smoker/No Tattoos

Current Location: Nassau, Bahamas

Visa: B1/B2

## PROFESSIONAL PROFILE

I began my maritime career in 2009 working aboard bulk carriers where I started as a deck cadet and eventually worked my way up to watchkeeping's mate. I worked aboard bulk carriers in the commercial maritime industry for 8 years and attained my OOW Unlimited in 2017. I have worked aboard 4 commercial vessels, 3 sailboats and SD & RT tugboats.

I've accomplished the ability to work independently and also have worked with multilingual teams. I not only hold strong knowledge of safe navigating and working practices but also a working knowledge of various shipboard systems, lifesaving and firefighting equipment and appliances and an extensive knowledge of SOLAS and all current regulations.

# THEO SWEETING

Seeking a long-term Deckhand position on a 35M + motor yacht either private or charter to that contributes to my maritime experience. I am an enthusiastic and energetic worker, who takes pride in the tasks performed and willing to learn and grow with a professional and upbeat crew and vessel.
