

# HANNAH COMMONS

## Engineer / Deckhand

### Aspirations

I am currently seeking employment as an engineer or deckhand/engineer aboard a luxury yacht where I intend to work towards my Small Vessel licence. I am hoping to join a dynamic crew with great team spirit.

### Profile

I am a logically minded person with a solution focused attitude. I am very practical, enjoy working with my hands and seeing the results of my work. I have experience fixing old vehicles, servicing fan coils, air handlers and pumps. I have assisted with solar installations and forging blades.

### Charter experience:

#### POSEIDON CHARTERS

Deckhand / Hostess

S/Y Christianna VIII (21m) and S/Y Santorini (19m)

I worked four charters on two sailing yachts in Greece. My duties included anchoring, mooring, watches, rigging sails and wash downs. I was responsible for provisioning, preparing meals for guests and touring them around the various islands. Written references available on request.

## Land based experience:

### **SAINTSBURG EDU-VILLAGE**

#### **Lab Manager & A-level Tutor**

**2020-2022**

**PRETORIA, SOUTH AFRICA**

I worked at Saintsburg for two years tutoring IGCSE to A-level students in Mathematic, Physics and Chemistry. I would teach “brain friendly” classes, set and invigilate mock exams and prepare students for the Cambridge exams. As the Lab Manager I was responsible for stock management and provisioning of chemicals and lab equipment. I ensured lab safety measures were in place in accordance with the MSDS and with a focus on fire safety as we had installed gas piping for the Bunsen burners. I would teach classes on the practical exams as well as lab safety to both students and lab assistants.

### **EDU- ANYWHERE**

#### **Web Consultant**

**2020-2022**

**ONLINE**

I worked as a web consultant developing content for the educational website [www.eduananywhere.academy](http://www.eduananywhere.academy) for AS and A-level Physics, Chemistry and Mathematics. I would write “brain friendly” study notes, upload snipped past papers into categories, write answer explanations for the past papers and source other resources needed such as simulations and videos.

### **SOUTH AFRICAN SEA CADET CORPS**

**2010-2018**

#### **Cadet**

**HARTEBESPORT, SOUTH AFRICA**

As a Cadet, I learnt a variety of skills such as sailing, rowing, ropework, water safety and ceremonial parade marching. I was awarded as Cadet of the Year in 2016 and represented South Africa at the International Sea Cadet Regatta in Mumbai, India that year.

#### **Junior Officer**

After finishing as a cadet, I became a Junior Officer and ended with the rank of Midshipman. I would rotate as Officer of the Day – meaning I would design the program the Cadets would follow. I would teach classes in sailing, pulling, parade ground training, ropework and water safety. I would also build obstacle courses and set up teambuilding activities for the cadets.

## VOLUNTEERING

I volunteered for the South African Air Force Museum at the Zwartkops Air Force Base as part as a project for university. We would wash down and polish the old boeing, fighter jets and other vehicles on the base. We washed out hangers and polished various museum displays in preparation for the 2019 Air Show.

As a high-school prefect I represented my school at the Oprah Winfrey School for Girls for a volunteer program where we built, sanded and varnished school desks for disadvantaged schools in the area.
