-COC Chief Mate unlimited Certificate.

-General Operators Certificate (GOC) – Full STCW.

-Boat- and Shipbuilder by Trade.

-Sporthochseeschifferschein (SHSS).

-PADI Open Water Diving.

**SUMMARY**

In 1988 I started my boat/shipbuilding apprenticeship in the north of Germany at the Baltic sea. At the KNIERIM shipyard we built in wood, composite racing & cruising yachts up to 50ft. We built racer yachts like SAUDADE, PINTA, CONTAINER. ILLBRUCK.

Later I worked as fully qualified shipbuilder at Werft-Hooksiel - Aluminium Yachts up to 65ft.

In 1995 I sailed with my own boat down the USA New England states until the Exumas, Bahamas. Developing a small private Key/Island. Followed by several short-term charter & boatbuilding jobs.

In 2000 I started working for Dahm-International yacht service in Palma de Mallorca, as a mobile yacht crew, guardianage. Later I joined the brokerage department as junior yacht broker.

In 2002 I took command of my first JONGERT, VALIAL. Several other yachts followed with up to 56mts and 9 crew members.

Being mainly located in the med and having long term relationships with the yachts and owners, it has put me in several supervising positions in shipyards and refits of yachts, in countries like Spain, Italy and Croatia. I mostly worked on classed vessels, where I periodically had to collaborate with the major class societies like ABS, RINA, Bureau Veritas and GL.

**GOALS**

I am very motivated to work on 45m+ Sail and Motor yachts either Private or Charter Vessels as a Master and team leader, where I am enabled to highly maintain and improve the vessel to its highest standards.

My goal is to continue building up long-term professional Owner-Ship-Crew environments.
