74' M/Y INSTIGATOR

Captain: Emmett Greely- (954)610-1332

Feb. 3 -May 1 2020

Spent 2 weeks in the Bahamas where I gained experience towing and driving a 30' tender, kept a watch and a regular log during voyage, gained experience launching a rib with a davit, kept up regular washing, waxing and polishing.

Objective:

I have a passion for anything on the water, and look forward to extending that passion to yachting. I am interested in a bosun's position with a hardworking and efficient team that will allow me to expand on my skill set and provide me with the necessary tools needed to advance in a yachting career. I have lots of offshore fishing experience, dead bait trolling, live bait fishing, fly fishing, as well as inshore experience, using artificial and live bait.

M/Y Take 5**First Mate: Rory Monty- +44 7802 360 706 Rorymonty89@gmail.com****Jan. 18, 2020****Duties:** Assisted with wash down, polished stainless steel**Wilson Rhodes Heating & Air Conditioning****August- December 2019**

I was employed as a helper, installed ductwork and installed air handlers and condensers in new construction houses, and also replaced old units. I was responsible for going to the warehouses and purchasing supplies, working in confined spaces installing equipment, plumbing drain lines, installing fuse boxes, wiring high voltage to the units, wiring low voltage to the thermostat, servicing units, and mechanical repairs.

NC Aquarium at Pine Knoll Shores**May- August 2018 May- August 2019**

During this time I was a special activities intern, I was responsible for leading outdoor programs as well as tours inside the aquarium. I was responsible for leading kayak trips, surf fishing trips, marsh walks, school programs, sleepovers in the aquarium, as well as teaching the biology of, and how to catch, crabs and clams. I was required to know the biology of all of the animals in the aquarium; the main part of my job was taking people out into the wild and showing them the animals they had seen in the aquarium, in a natural habitat. This required local knowledge of habitats and terrain as well as many other species of fish and aquatic birds.

East Carolina University**August 2016- May 2021**

Enrolled in the History Education program, I have earned Bachelor's degrees in History and Secondary Education.
