 Dominik Polic

 Gospinica 42, 21000 Split, Croatia

My name is Dominik Polic from Split, Croatia.

I'm seeking to start career on super-yacht or expedition yacht with intent of obtaining position as a deckhand/cadet to become a deck mate. I'm open to any engagement option right now but my final goal is to find permanent rotational contract on + 3000GT yacht.

Recently I had the opportunity to work as a super-yacht agent for the best Adriatic superyacht agency A + yachting, for which I am very grateful and which I generously accepted. I had a privilege of being an agent for some of the largest yachts on the world. This has been where I first I got into the world of yachting, even though my desire has always been to make a career on board. Two season experience as super yacht agent made me even more motivated and passionate for yachting industry and beneficial for any future employer.

Although I do not currently have on board yachting experience, I have experience working for a charter company where I was season skipper on boats up to 20m also maintained boats in dry dock and boat inspection plus many transferable land-based skills. Last year I graduated B.A. in Maritime Nautics and holding Seaman book and all certificates needed for start career on board.

I have been instilled with invaluable high morals, principles and values which would be admirable attribute to any yacht I work for. With an unending work ethic and passion for the yachting industry, I believe I would be an invaluable asset to any employer. I am enthusiastic about facing new challenges and having the possibility to learn and develop. I am very professional and hard working person with strong personality and high energy, I am reliable, collaborative, adoptable and responsible. The job at hand is always treated with care and hard work. I am a team player and a people person, committed to safety and job excellence which could only aid in the smooth functioning of any job being done.

Personally always with a positive attitude, I am outdoor person, nature lover and passionate for water, I love to travel. I'm always active and enjoying in my hobbies cross fit, rock climbing, biking, hiking, board games, reading.

Would love to find a boat that has potential to grow from temporary to permanent if both sides are happy. I hope to be given a chance, as I am confident that I am capable of meeting or even exceeding your expectations.

Thank you for considering my application.

Yours sincerely,
Dominik Polic
