MARINA DELRAY

MARINA TECHNICIAN & YARD HELP | Dec 2019 - Sep 2020

Delray Beach, FL

- Drove forklift to drop customers boats in and out of the water
- Maintained boat yard to the professional standards Marina Delray upholds
- Duties included: washing vessels, flushing engines, bottom painting, basic maintenance, spark plugs, thermostats, water pump replacement, gear oil leaks
- Worked the gas dock fueling up vessels and maintaining a safe environment
- Dockage of vessels where owners were not comfortable docking

Growing up, I spent time with my father fishing on our three boats before he passed away, which is where my passion for the ocean began. I want to take that passion into a successful and rewarding career in the yachting industry.

As a teammate, I am a very social and active person that finds joy in all that I do. I am very dedicated and loyal to the marine industry as that is where I have found happiness the most. I have extensive knowledge and years of training in the hospitality industry that makes me a great fit for the yachting industry.

Outside of work, I am an avid lover of water sports. I am an active surfer, jet skier, skimboarder, and wakeboarder. I own a 21' Grady White center console that I recreationally fish on.
