EXPERIENCE

Yacht Master Captain

Synopsis Of 25 Years Of Service As USCG Master Captain

Jan 1997 - Present

- Total Yacht Management including Captain in command while underway, Maintenance Schedules and Charter Operations Management.
- Well-developed expertise in maps, charts, weather reports and navigation equipment to determine and direct ship movements.
- Purchased supplies or equipment.
- Arranged for vessel to be fueled, restocked with supplies and repaired.
- Provided assistance in maritime rescue operations.
- Inspected vessels to promote efficient and safe operation of vessels and equipment and conformance to regulations.
- Docked or undocked vessels, sometimes maneuvering through narrow spaces, such as locks.
- Supervised boats and equipment on board, such as engines, winches, navigational systems, fire extinguishers, and life preservers. Well versed in most yacht systems and repair procedures. Very able to remedy systems issues underway.
- Maintained logs of daily activities, personnel reports, ship positions and movements, ports of call, weather and sea conditions, pollution control efforts, and cargo and passenger status.
- Interviewed and hired crew members.
- Most recent position grew into Fleet Manager overseeing other Captains and vessels while maintaining my responsibilities as Master of the Fleet Flagship.
- Experienced with Family interface, Charter Guest interface and Corporate Promotions.
- Experienced Delivery Captain for ocean, inland, Great Lakes, loop, Bahamas, Cuba and Dry Tortugas.
